

## **Tarbert GAA Player Injury Procedure**

If any player on the Senior, Junior or Minor football teams incurs an injury during the course of an official competitive game, an official challenge game or an official & supervised team training session, the injured player needs to:

- 1.** Notify the official / referee of the injury either during or directly after the game and ask the official / referee to make note of this in the match report.
- 2.** Notify the Insurance Officer of Tarbert GAA Club of the injury after the game.
- 3.** The Insurance Officer will forward a GAA Injury Claims Form to the player.
- 4.** The injured player must obtain medical certification before any treatment of an injury is received. To this end section E of the claims form must be completed by the attending doctor/dentist.
- 5.** The injured player should complete the claims form, in particular sections A, E & F, sign the form and return it, along with all relevant supporting documentation, to the Insurance Officer as soon as possible.
